Dear General Martin:

Thank you for your letter of 1 August inviting [redacted] to brief the INFOSEC Threat to the Electronic Security Command. Our current assessment of the threat will be completed in September and submitted thereafter for endorsement by the DCI and consideration by the National Foreign Intelligence Board. We anticipate subsequently initiating a program to insure broad awareness of its nature and implications. ESC's participation in this program will be most welcome. [redacted] will contact Mr. Merritt of your staff toward that end.

Sincerely, /
